

The JFKCentennial Playwriting Award

The John F Kennedy Center for the Performing Arts is sponsoring a playwriting award in celebration of the 100th Anniversary of John Fitzgerald Kennedy's birth. This award will recognize an outstanding student-written **one act** play that celebrates the legacy of JFK by focusing on the values of

COURAGE,

FREEDOM,

JUSTICE,

SERVICE

and

GRATITUDE

Additionally, the vast majority of characters in the play will be high school or college-aged. The play will concern young people urgently struggling with an issue that aligns with the values listed above. This playwriting award is intended to honor the legacy of John F. Kennedy, but not be biographical or "history-based", necessarily. It is recommended that the play has a cast of no more than eight characters.
